

Sufficiency of Scripture

By Todd Pruitt

We gladly affirm the verbal, plenary inspiration of Scripture. God's Word is authoritative and without error. The Bible is also completely sufficient for us in that it provides all we truly need to trust and obey God. For this reason we look to the Bible as our ultimate standard for what to believe, how to live, and how to do church. We try to avoid any fads or trends that would diminish the place of God's Word in God's church. In our preaching and teaching we are enthusiastic to plumb the depths of Scripture confident that in doing so God will draw sinners to Himself and conform His people into the image of Jesus.
